Annual Naturland Certification Letter 2021

Important certification document – please be prepared to show it during next inspection!

Dear Sir or Madam,

your operation was inspected by CCPB Srl in order to check compliance with Naturland standards and with the EU regulation on organic production. The Certification Committee is pleased to inform you that there were no deviations from the standards found during the inspection.

The enclosed certificate confirms that your operation is managed in accordance with Naturland standards. You will get a new annual certificate with the next certification letter. Please note that all deviations determined by the EU inspection body responsible, with respect to Council Regulation (EC) No.834/07 and No. 889/08, have to be corrected by your operation.

The EU conformity note confirms the compliance with the EU regulation and will be separately sent to you by your inspection body. Please note: to commercialise your organic products you need the conformity note of your inspection body. Should there be any restrictions in the EU conformity note it is not possible to commercialise organic products concerned by these restrictions unless the relevant conditions have been complied with.

Against this decision can be appealed in writing within 14 days after receipt of this letter.

In case you provide copies of the certification documents (certificate or certification letter) to others, the documents must be reproduced in their entirety.

All the best for your company!

Yours sincerely,

Johanna Sperlea
